

STOP. REST. DREAM.... AT THE SANDMAN

THE SANDMAN

SANTA ROSA, CALIFORNIA

The Sandman is a new incarnation of a roadside inn that brings a warm and comforting experience to weary travelers. Ideally situated just off the highway on the northern edge of Santa Rosa for easy access to the Charles M. Schulz Airport and award-winning wineries, as well as businesses of the downtown area.

GUESTROOMS

Designed to be fresh and airy full of warm colors and custom touches. Cozy cotton throws add comfort and warmth. Our rooms are the perfect place to relax after touring wineries, working, swimming laps in our generously sized pool or soaking in the hot tub.

POOLSIDE BAR

Tropical meets Californian bohemian in Sandman's Pool Bar with painted concrete floors and a glass garage door to maximize the natural light.

MEETINGS

Let the Sandman provide a comfortably casual meeting space for up to 16 attendees. Our meeting room has natural light and a soft palette; it's not your typical hotel meeting space and that's why we think you'll love it.

DESIGN

With a mix of natural elements and handcrafted design, the new Sandman feels authentic, welcoming and timeless. Custom cabinetry and furniture from local woodworkers bring a touch of uniqueness to the lobby, rooms and bar.
