Masks Are Required During COVID-19

Masks are required during the full duration of all Safari West tours and other activities.

This helps reduce the risk of contracting the disease from or transmitting it to guests, staff, or animals. Masks must be worn during both the walking and driving portion of any safari tour as well as during any Behind the Scenes or other animal encounter. Masks are also required while inside any building or when within six feet or less of another individual. Please understand that this policy is non-negotiable and instituted for the health and safety of the entire Safari West family. Failure to comply with this policy may result in cancellation of safari tours and other activities.

Safari Tour Truck and Number of Guests

In order to provide the safest experience for guests going on safari with us, we've limited the number of guests per truck, remodeled our trucks to include plastic sheet barriers between each row of bench seats and have embraced stringent cleaning practices. Plus, each bench seat is assigned to individual family members and they are not shared with other guests. With our safety precautions in place, every vehicle may depart with up to 8, maybe 10 guests on board. If you're uncomfortable with this arrangement, please contact a member of our reservations team and ask about booking a Private Safari Experience.

Guest Alert During post COVID-19

For the Safety of our Guests, Staff and Animals

In accordance with guidance from the World Health Organization (WHO), the Centers for Disease Control (CDC), and state and local public health organizations, Safari West is doing everything possible to minimize the risks associated with the disease COVID-19. We fully expect public health mandates related to ongoing operating practices to evolve quickly and want our guests to know that Safari West is dedicated to staying in front of the curve when it comes to providing a safe and healthy environment.

- If you are ill, or have come in close contact with someone with COVID-19, please reschedule your visit.
- Please practice safe physical distancing
- An appropriate face covering is required
- Please follow all our posted safety and health measures

Karibu Rafiki. Welcome to Safari West!

Beyond a zoo, far more than any drive-through park, Safari West is a place like no other. Nestled in the hills of Sonoma County, this 400-acre wildlife preserve is home to over 800 animals representing the biodiversity of Africa and beyond. Experience a real safari through our Serengeti bush and immerse yourself in the wonders of a truly wild world!

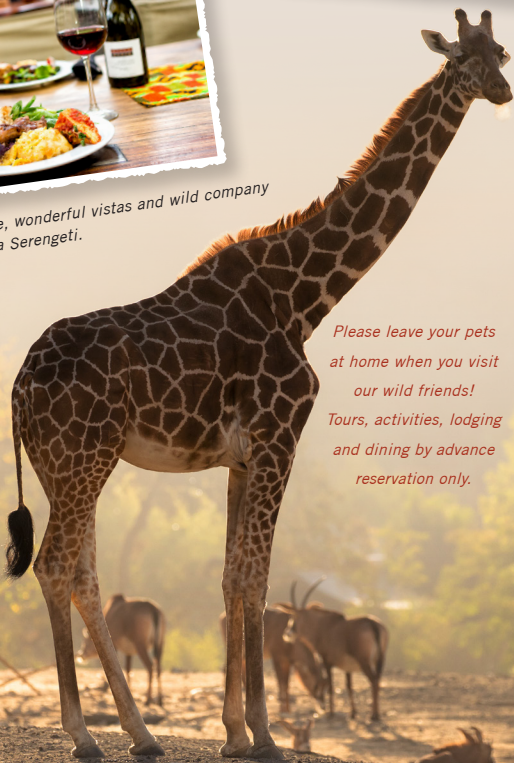

Between our rugged safari trucks, our luxurious African-style tent cabins, and on-site dining at the Savannah Grill, you will find everything needed for a day on safari or an overnight adventure.

Get out and explore the Sonoma Serengeti, or spend the night and let the evening serenade wash over you – uniquely calming sounds you've never heard outside of an African savannah. You can even enjoy massage treatments in the privacy of your tent, sip wine with friends around the Savannah Grill's fire pit, or stroll through the grandeur of the Amani Oasis aviary. Visit Safari West – the closest you can get to Africa without a passport.

Our African luxury safari tents feature hardwood floors, a sumptuous king-sized bed or two doubles, and a bathroom with hot shower. Wake up to the sounds of African wildlife echoing in your dreams.

Enjoy fine wine, wonderful vistas and wild company on the Sonoma Serengeti.

Please leave your pets at home when you visit our wild friends! Tours, activities, lodging and dining by advance reservation only.
